Title: Multi-Channel Redundant Wireless Network Link and device

Examiner/GAU   Sujatha Sharma/2684

Amendment A

10

Assistant Commissioner for Patents

Washington, District of Columbia 20231

Sir:

15

In response to the Office Action mailed 2004 August 26, please amend the above application as followings:

TITLE: change "device" to –Device-

20

Background:

Page 2, line 6 change "is" to – are—

Page 2, line 13, change "a high class LMDS" to – a LMDS—

Page 2, line 20, change "radio system has" to –radio systems have—

25 Page 2, line 29, change "cannot communication through" to – cannot communicate over —

Summary

Page 3, line 6, change "plurality of" to –a plurality of—

DESCRIPTION-Preferred Embodiment

Page 5, line 15, change "a networking packages" to –networking packets-

5   Page 5, line 16, change "a networking packages" to –networking packets-

Page 5, line 16, change "the packages" to –the packets-

Page 5, line 17, change "package flow control" to – packet flow control-

Page 5, line 17, change "the packages" to –the packets-

Page 5, lines 19-20, change "In spite of there is more than one radio channel

10   existing" to – Even though there are more than one wireless

communication channel exist-

Page 5, line 20, change "the packages" to –the packets-

Page 5, line 21, change "package flow control" to – packet flow control-

Page 5, line 22, change "package flow control" to – packet flow control-

15   Page 5, line 23, change "networking packages" to –networking packets-

Page 5, line 23, change "these packages" to –these packets-

Page 5, line 34 change "control the package" to –control the packet-

Page 6, line 1 change "any packages" to –any packet-

Page 6, line 2 change "the package flow unit 201 receives packages from" to –

20   the packet flow unit 201 receives packets from -

Page 6, line 3 change "repack packages" to –repack packets-

Page 6, line 3 change "package flow control unit 201 not only can interpret the

packages" to – packet flow control unit 201 not only can interpret the packets -

25   **Conclusion, Ramifications, and Scope**

Page 7, line 18, change "aggregates" to – aggregating—

Page 7, line 32, change "through put" to – throughput —

Page 8, line 19, change "type" to –types —

Page 8, line 20, change "as far as them do not interference each other" to –
which are required not to interfere among each other—
